## Guidelines for filling the Subject Choice Form:

- 1) A student has to select 6 subjects.
- 2) Apart from the above, the core requirements: TOK, CAS and EE are compulsory.
- 3) 3 HL (High Level) and 3 SL (Standard Level) subjects, generally, one from each group.
- 4) HL entails 240 hours and SL entails 150 hours of teaching.
- 5) Each subject can be selected only at one level: HL or SL .
- 6) In case a student does not want to select Group VI at all, he or she has the option of selecting an additional subject from Group III or IV.
- 7) Math Analysis and Approaches (MAA) is for students who are interested in Mathematics, Engineering, Physical Sciences and some Economics. It has emphasis on Algebraic methods.  
  
Math Applications and Interpretation (MAI) is for students who are interested in Social Sciences, Natural Sciences, Medicine, Statistics, Business, Engineering, Some Economics, Psychology and Design. It has emphasis on Modelling and Statistics.
- 8) Spanish B and French B is offered to students who have already studied Spanish and French and can read, write and respond in the Language.
- 9) An Interdisciplinary subject ESS (Environmental Systems & Societies) can be taken from either Group III or Group IV.
- 10) Universities specify the subject combinations and grades as prerequisites for admissions into different courses. Hence, do your homework well.
- 11) Final selection of levels in subjects can be made till the school has finished 4 weeks of teaching. This will be done in consultation with the teachers, students and parents.
- 12)

## Questionnaire for the Applicant

**1) How would you introduce yourself?** (State your aims, expectations from life, hobbies, likes and dislikes, any philosophy you believe in)

I aim for a career in aviation, picturing myself as a commercial pilot. My only expectations from life are that I fulfill my goals and aims, while also learning about the world around me. My hobbies include surfing through the Internet (especially Wikipedia) and watching educational videos and read books. I like to have a tab on current affairs, hence I read the newspapers and online news articles as well.

**2) Why did you choose to do an IBDP?**

I was attracted by the possibility of completing my language acquisition as I am already studying French for grade 10. I have realized that IBDP is a very beneficial qualification to have as it is very widely recognized around the world, in part due to its aim for holistic development and nurturing, but also due to its significant academic rigor. Subject choices are also pretty vast.

**3) Have you any special achievements in the field of sports/ cultural activities/ community service etc?**

Not any. But would like to take NCC.

**4) Mention a person or an incident that has impacted your thoughts, actions and personality. Explain how you have been influenced.**

I was inspired by Dr. APJ Abdul Kalam, the former president of India who was key to the Indian space research cause. I was amazed how he integrated the technologies in rocketry to solve medical problems, how he achieved academic excellence through relentless hard work and how this small boy from Rameswaram went on to become one of the most prestigious rocket scientists around the world and one of the most beloved presidents of India. I have been influenced to be scientifically inquisitive and seek knowledge in all forms. I am also currently influenced by aviation vloggers and pilots such as "Sam Chui, Captain Joe, Mentour Pilot, etc who share fascinating insights into aviation. I also

**5) The fears and challenges that you need to overcome.**

I am constantly putting my efforts into achieving better scores in academics. I also need to invest my time in useful extracurricular activities that will benefit me later on. I need to overcome the fear of trying something new.
