Questionnaire for the Applicant

1) How would you introduce yourself? (State your aims, expectations from life, hobbies, likes and dislikes, any philosophy you believe in)

I aim to serve the country as an officer in the Air Force. My hobbies include learning about cars, shooting, swimming, cycling, etc. I believe in the philosophy of Niki Lauda which states "What's behind you doesn't matter" and that of Ayrton Senna "The harder I push, The more I find within myself".

2) Why did you choose to do an IBDP?

The reputation of IBDP along with the nature of the course as well as the opportunities at a global level that it provides. Another contributing factor would be its emphasis on the overall development of a student, not only in the academic sector but also socially and mentally.

3) Have you any special achievements in the field of sports/ cultural activities/ community service etc?

3rd Place in Swimming in DSO at the district level.

4) Mention a person or an incident that has impacted your thoughts, actions and personality. Explain how you have been influenced.

The recent incidents of Artificial Intelligence systems going rogue have had a profound effect on my thinking process. My thoughts on AI, earlier, were that this technology is revolutionary and safe. However, seeing how quickly things are taking a turn for the worse, the technology may be a significant threat to humans. It has taught me to remain vigilant during an interaction with anyone over the internet and has possibly induced a lack of trust and some paranoia concerning the internet.

5) The fears and challenges that you need to overcome.

Difficulty in continuity and organisation are the main challenges I face both in my academic and personal life.
