Application for IB Diploma Program 2024-26

Guidelines for filling the Subject Choice Form:

- 1) A student has to select 6 subjects.
- 2) Apart from the above, the core requirements: TOK, CAS and EE are compulsory.
- 3) 3 HL (High Level) and 3 SL (Standard Level) subjects, generally, one from each group.
- 4) HL entails 240 hours and SL entails 150 hours of teaching.
- 5) Each subject can be selected only at one level: HL or SL .
- 6) In case a student does not want to select Group VI at all, he or she has the option of selecting an additional subject from Group III or IV.
- 7) Math Analysis and Approaches (MAA) is for students who are interested in Mathematics, Engineering, Physical Sciences and some Economics. It has emphasis on Algebraic methods.

Math Applications and Interpretation (MAI) is for students who are interested in Social Sciences, Natural Sciences, Medicine, Statistics, Business, Engineering, Some Economics, Psychology and Design. It has emphasis on Modelling and Statistics.
- 8) Spanish B and French B is offered to students who have already studied Spanish and French and can read, write and respond in the Language.
- 9) An Interdisciplinary subject ESS (Environmental Systems & Societies) can be taken from either Group III or Group IV.
- 10) Universities specify the subject combinations and grades as prerequisites for admissions into different courses. Hence, do your homework well.
- 11) Final selection of levels in subjects can be made till the school has finished 4 weeks of teaching.
12) This will be done in consultation with the teachers, students and parents.

Application for IB Diploma Program 2024-26

Questionnaire for the Applicant

1) How would you introduce yourself? (State your aims, expectations from life, hobbies, likes and dislikes, any philosophy you believe in)

My name is Nidhi. I come from a family of 4. My parents have inculcated in me a strong sense of values such as honesty, respect for all, kindness and hard work. I am dedicated and sincere in everything that I do. My greatest strength is my passion for learning new things and my ability to work with others as a team. Currently, the field of Micro-biology and Astro-biology has interested me and I would like to do some research in this field. I aspire to be successful in whatever I do. Apart from academics, my hobbies include travelling, writing, painting and playing badminton. I would like to capture the beauty of Nature in my camera and then bring it to life on canvas. I would like to live my life as a fun filled adventure whereas once chapter ends a new one begins.

2) Why did you choose to do an IBDP?

I choose IBDP because it offers great academic choices. I find myself more inclined towards doing research on a particular topic and this program will provide me with a platform with the help of which I can pursue research in the field of biology. It will also open my doors to overseas education which is another aspiration of mine to achieve my final goal.

3) Have you any special achievements in the field of sports/ cultural activities/ community service etc?

Have written and published a children's story book titled Fighters of the Atomic Stones with Bri-Books publishing while in standard 9TH

Completed the astronaut training experience at the Kennedy Space center, NASA, Florida

Participated in Oxford global MUN 2023 as well as the Gregorian MUN in association with IIMUN. I started my journey in MUN as a Photographer in the Photography team of the ISMUN.

Passed 4 levels in the dance form of Bharatanatyam by giving the Akhil Bharatiya Gandharva Mahavidyalaya Mandal Madhyama Pratham Exam.

Successfully completed Government of Maharashtra Elementary grade drawing exam with a 'A' grade

Actively participated in various inter house competitions like Kabbadi where we won the 1st place and jewellery making & tug of war where we secured 2nd place for our house.

Participated and completed the speech and drama course by Real Padamsee and reached bronze level

Successfully completed workshops on Emotional Intelligence by Equip Kids designed by Dr Sandeep Kelkar.

4) Mention a person or an incident that has impacted your thoughts, actions and personality. Explain how you have been influenced.

Dr Revathi Srinivasan is not only our principal but has also taught all students to do their best in whatever subject they choose in life. I first met her when I stepped into Smt. Sunitidevi Singhania School in 6th grade. Later we had our first conversation during a school trip to China where she laid emphasis on the need for understanding the subject and not just having a bookish knowledge. After the trip, I worked hard and very hard to achieve academic success, focusing on understanding the concept rather than memorizing the book. Singhania School also showed us the path to achieve this concept by conducting monthly open door test and practical for the students. Years later, I had a chance to meet Dr Revathi Srinivasan during another school trip to the USA. During this fun filled educational trip, Revathi ma'am showered upon me the knowledge about IB curriculum and how it brings about a holistic development. Since then I decided that my first big step in achieving my academic goals is to get into IB Development program. Revathi ma'am influenced my thoughts and led me to unfold life which would help me in the long run.

5) The fears and challenges that you need to overcome.

Time management – As I want to learn so many new things and do so much, I need to learn better time management skills. To begin with, I have started making a daily time schedule which helps me in planning my day properly

Need to make time for more sports or just plain exercise for maintaining my fitness and overall health.

Emotional - One of my challenges is that I am an emotional person and I get affected by the behaviour of others and things that I see around. Negative behaviour tends to affect my mood. I am learning to handle it by not letting it bother me and diverting my mind on more positive people and activities.
