## Questionnaire for the Applicant

**1) How would you introduce yourself?** (State your aims, expectations from life, hobbies, likes and dislikes, any philosophy you believe in)

-I do not have any certain aims as such but once I get the correct guidance I would surely do my best, but maybe my aim is settling abroad one day.

-My personal favourite hobby is singing and listening to music. My new favourite hobby is probably reading books.

-I do believe in giving daily positive affirmations to myself to manifest a good life i.e. 'The theory of manifestation'. The affirmations include - "I am positive. I can do it. I am optimistic about the future." I got to know about the art of manifestation recently, but I find it interesting even though it did not have a huge impact on my life. But the main step is to believe in yourself so I would continue it.

**2) Why did you choose to do an IBDP?**

-I have a long cherished dream of studying abroad and also exploring the world and their various cultures.

-I think that IBDP lays more emphasis on practical knowledge .

**3) Have you any special achievements in the field of sports/ cultural activities/ community service etc?**

-Dance - Bharatnatyam (Classical Dance) - First year

I had completed two years when I was younger , but due to the huge gap because of the pandemic I had to start it all over again and I will be continuing it in future

**4) Mention a person or an incident that has impacted your thoughts, actions and personality. Explain how you have been influenced.**

-The incident that impacted my life the most was THE COVID 19 pandemic. During that time I realized that how important our families are to us. Watching the news channel everyday during those days was not less than a horror movie for me. There were so many people dying just because of a virus. It not only had an impact on my personal life but also on my academic life. The exams were conducted in MCQ format and we literally had to study nothing for it.

-The schools were conducted online and so were the exams. The exams were conducted in MCQ format and even most of the portion was reduced.

- Before the pandemic I always went outside to play, made new friends, talked with all of friends. But during the pandemic I got introduced the social media and it was like the only friend to me. Since then I got self-centered, Introverted, an overthinker, etc It completely changed my personality from an ESTP(Extroverted) to an ISTP(Introverted).

**5) The fears and challenges that you need to overcome.**

-Getting nervous while talking in front of a huge crowd/on stage.

-Overthinking.

-Having too little confidence in myself.

-Thinking about other people's opinions about me.
