Hello, I am Ojaswi Deshkari, currently in 10th grade, preparing for my board examinations. I aim to work in the areas of design technology to solve the difficulties faced by our world. My hobbies include playing badminton, listening to music and drawing. I would like to work in building a society where there are equal opportunities and resources for all. I believe in making your dreams come true. I dislike people who do not stick to their words and promises.

**2) Why did you choose to do an IBDP?**

I want to learn and have global exposure to the subject I want to specialise in. IBDP would allow me to learn from different societies and world cultures.

**3) Have you any special achievements in the field of sports/ cultural activities/ community service etc?**

I took part in the basketball DSO competition in 9th grade and took part in several relay competitions.

**4) Mention a person or an incident that has impacted your thoughts, actions and personality. Explain how you have been influenced.**

A person who has impacted my thoughts was my mathematics teacher who always said that as students, we should focus on the present and work on improving our grades. His words motivated me to improve academically and learn from my past mistakes.

**5) The fears and challenges that you need to overcome.**

I have certain inhibitions in expressing myself over a few topics where I have limited subject knowledge. I find it challenging to make decisions quickly.
