Questionnaire for the Applicant

1) How would you introduce yourself? (State your aims, expectations from life, hobbies, likes and dislikes, any philosophy you believe in)

I enjoy a variety of hobbies, such as reading, writing, and engaging in both artistic and athletic pursuits. Moreover, I possess a genuine love for animals and a keen interest in wildlife. I am committed to my academics and have a strong desire to expand my knowledge further. I aspire to pursue a career in biology that allows me to explore various places and learn about different people and cultures.

2) Why did you choose to do an IBDP?

IBDP has a holistic approach to education and greatly enhances character development. We get to do many additional activities apart from focusing on academics and gain many beneficial experiences too. It also helps me to study abroad after 12th, if I wish to do so.

3) Have you any special achievements in the field of sports/ cultural activities/ community service etc?

I have passed an exam in the classical flute, and have participated in programs of the same. I have also won first place in an inter-house competition in table tennis at my school.

4) Mention a person or an incident that has impacted your thoughts, actions and personality. Explain how you have been influenced.

I have been inspired by my father since childhood, who has achieved cerebral and social achievements throughout his lifetime. He has always demonstrated intelligence and brightness both academically and personally, showcasing admirable qualities of dedication and perseverance. He has encouraged me to be creative and learn with an open mind and I hope to aspire to a passion like him.

5) The fears and challenges that you need to overcome.

I have had stage fright from a young age. Stepping onto a stage or speaking in front of an audience has often been a challenge. However, through a lot of persistence, I have been working to overcome this fear and embrace the opportunities for growth and self-expression that come with it.
