Application for IB Diploma Program 2024-26

Guidelines for filling the Subject Choice Form:

- 1) A student has to select 6 subjects.
- 2) Apart from the above, the core requirements: TOK, CAS and EE are compulsory.
- 3) 3 HL (High Level) and 3 SL (Standard Level) subjects, generally, one from each group.
- 4) HL entails 240 hours and SL entails 150 hours of teaching.
- 5) Each subject can be selected only at one level: HL or SL .
- 6) In case a student does not want to select Group VI at all, he or she has the option of selecting an additional subject from Group III or IV.
- 7) Math Analysis and Approaches (MAA) is for students who are interested in Mathematics, Engineering, Physical Sciences and some Economics. It has emphasis on Algebraic methods.

Math Applications and Interpretation (MAI) is for students who are interested in Social Sciences, Natural Sciences, Medicine, Statistics, Business, Engineering, Some Economics, Psychology and Design. It has emphasis on Modelling and Statistics.
- 8) Spanish B and French B is offered to students who have already studied Spanish and French and can read, write and respond in the Language.
- 9) An Interdisciplinary subject ESS (Environmental Systems & Societies) can be taken from either Group III or Group IV.
- 10) Universities specify the subject combinations and grades as prerequisites for admissions into different courses. Hence, do your homework well.
- 11) Final selection of levels in subjects can be made till the school has finished 4 weeks of teaching.
12) This will be done in consultation with the teachers, students and parents.

Application for IB Diploma Program 2024-26

Questionnaire for the Applicant

1) How would you introduce yourself? (State your aims, expectations from life, hobbies, likes and dislikes, any philosophy you believe in)

I am a person who's quite intrigued with the knowledge of science, especially in modern medicine. Some hobbies of mine are writing suspenseful and horror stories and reading books involving those genres. My expectations when joining this school are to better educate myself in science and help myself become someone others can rely on for help.

2) Why did you choose to do an IBDP?

I have chosen to take IBDP to better focus as well as prepare for the higher studies that await me. This experience will give me an insight as to what I can expect in universities and prepare me for my flight into my career.

3) Have you any special achievements in the field of sports/ cultural activities/ community service etc?

I am a very good football player, I had done football in my previous school. Additionally, I participated in drawing many posters and designs for class events as well as school events.

4) Mention a person or an incident that has impacted your thoughts, actions and personality. Explain how you have been influenced.

When I joined 9th grade very late, I did not know what I'd be facing. The drastic change in education as well as the environment took a toll on my mental health as well as physical health. However, I made friends with 2 other people at my current school who've helped me throughout my learning journey, supporting me in any way I can, one of them applying to this school as well.

5) The fears and challenges that you need to overcome.

One fear that has always crept into the back of my mind is failure. The mere thought of failing has frightened me, however, I've always found myself coming through that obstacle with the people around me. Additionally, a challenge I need to overcome would be my slow learning. Although I am great at adapting to new things, I always must go through them thoroughly to understand the depths of what I am learning, which can slightly hold me back. However, I still can pass with a clear head.
