Application for IB Diploma Program 2024-26

Guidelines for filling the Subject Choice Form:

- 1) A student has to select 6 subjects.
- 2) Apart from the above, the core requirements: TOK, CAS and EE are compulsory.
- 3) 3 HL (High Level) and 3 SL (Standard Level) subjects, generally, one from each group.
- 4) HL entails 240 hours and SL entails 150 hours of teaching.
- 5) Each subject can be selected only at one level: HL or SL .
- 6) In case a student does not want to select Group VI at all, he or she has the option of selecting an additional subject from Group III or IV.
- 7) Math Analysis and Approaches (MAA) is for students who are interested in Mathematics, Engineering, Physical Sciences and some Economics. It has emphasis on Algebraic methods.

Math Applications and Interpretation (MAI) is for students who are interested in Social Sciences, Natural Sciences, Medicine, Statistics, Business, Engineering, Some Economics, Psychology and Design. It has emphasis on Modelling and Statistics.
- 8) Spanish B and French B is offered to students who have already studied Spanish and French and can read, write and respond in the Language.
- 9) An Interdisciplinary subject ESS (Environmental Systems & Societies) can be taken from either Group III or Group IV.
- 10) Universities specify the subject combinations and grades as prerequisites for admissions into different courses. Hence, do your homework well.
- 11) Final selection of levels in subjects can be made till the school has finished 4 weeks of teaching.
12) This will be done in consultation with the teachers, students and parents.

Application for IB Diploma Program 2024-26

Questionnaire for the Applicant

1) How would you introduce yourself? (State your aims, expectations from life, hobbies, likes and dislikes, any philosophy you believe in)

People say that expectations are the roots of heartaches. Though it is true, we as humans fail to not expect anything from our lives and so do I. Knowing the big difference between hobbies and activities, I have numerous hobbies. From playing the keyboard, engaging in watercolours to starting my research on how Sanskrit can be used as a coding language. My parents always make me understand the depth of the quote "The only true wisdom is in knowing you know nothing." which is what I strongly believe in.

2) Why did you choose to do an IBDP?

An IBDP is the exact program that will help me achieve my dreams with the wide range of curriculums, numerous ways to add on activities to my extra-curriculars, etc and with the help of its components like TOK EE & CAS, I will be able to present an exceptional college application.

3) Have you any special achievements in the field of sports/ cultural activities/ community service etc?

As an NCC cadet, I participated in the rifle shooting in 9th grade. Though I haven't had any other specific achievements in sports, cultural activities, or community service that I can point to, I have always been eager to learn and contribute to society in various ways.

4) Mention a person or an incident that has impacted your thoughts, actions and personality. Explain how you have been influenced.

As a 10th grade student I came to know about the importance of my 9th standard grades which were not very impressive. I soon realized that my high school grades would include them as well which kind of impelled me to study harder in 10th grade. This incident has had a great influence on me since then.

5) The fears and challenges that you need to overcome.

Fears are always about the unknown hence I strive to gain all the knowledge and wisdom to take on life. Throughout my academic journey, I've always set high standards for myself, which can sometimes lead to a fear of not meeting expectations. This fear has at times caused me to hesitate or second-guess myself. However, I acknowledge that failure is a natural part of growth and learning.
