Application for IB Diploma Program 2024-26

Guidelines for filling the Subject Choice Form:

- 1) A student has to select 6 subjects.
- 2) Apart from the above, the core requirements: TOK, CAS and EE are compulsory.
- 3) 3 HL (High Level) and 3 SL (Standard Level) subjects, generally, one from each group.
- 4) HL entails 240 hours and SL entails 150 hours of teaching.
- 5) Each subject can be selected only at one level: HL or SL .
- 6) In case a student does not want to select Group VI at all, he or she has the option of selecting an additional subject from Group III or IV.
- 7) Math Analysis and Approaches (MAA) is for students who are interested in Mathematics, Engineering, Physical Sciences and some Economics. It has emphasis on Algebraic methods.

Math Applications and Interpretation (MAI) is for students who are interested in Social Sciences, Natural Sciences, Medicine, Statistics, Business, Engineering, Some Economics, Psychology and Design. It has emphasis on Modelling and Statistics.
- 8) Spanish B and French B is offered to students who have already studied Spanish and French and can read, write and respond in the Language.
- 9) An Interdisciplinary subject ESS (Environmental Systems & Societies) can be taken from either Group III or Group IV.
- 10) Universities specify the subject combinations and grades as prerequisites for admissions into different courses. Hence, do your homework well.
- 11) Final selection of levels in subjects can be made till the school has finished 4 weeks of teaching. This will be done in consultation with the teachers, students and parents.
- 12)

Application for IB Diploma Program 2024-26

Questionnaire for the Applicant

1) How would you introduce yourself? (State your aims, expectations from life, hobbies, likes and dislikes, any philosophy you believe in)

My primary goal in life is to achieve freedom in all of its forms that is I want to acquire financial, geographical, mental and physical freedom and to become the autocrat of my mind. Regardless of my goals deep down I am also a family-oriented person and want to become the best son and older brother that I can possibly become. My hobbies include playing basketball, cricket, chess, tug of war and swimming and studying world situation and general knowledge about some specific fields. I like problem solving and strategy construction and dislike impractical ideologies and thoughts.

2) Why did you choose to do an IBDP?

I would like to choose the IB board for my 11th and 12th because the IB board offers me a broader range of subjects of my liking which I can passionately study for the next 2 years. The IB board is advantageous for me as I can not only choose to study physics and computers but also can study economics and business management, which are two subjects I always wanted to study due to their practicality and real life benefit which those subjects could provide me. The IB board offers me a chance to study Spanish academically which can prove useful in aiding my career as I plan to complete my graduation in USA.

3) Have you any special achievements in the field of sports/ cultural activities/ community service etc?

Our club "Shivganga roller skating club" had achieved Guinness World record in the year 2019 for "The longest conga line in roller skating". Also I have won medals in many district level skating competitions.

4) Mention a person or an incident that has impacted your thoughts, actions and personality. Explain how you have been influenced.

I sincerely idolize Mr. Elon Musk due to his ideology and contribution in furthering the human race in science and technology. I am inspired by Mr. Elon Musk's dedication to his work and words, he stated that "he does not care about the money that his companies bring him instead is more concerned about the human race and its advancement". This has thought me that as long as I am dedicated to my work and I will do something that benefits the world, I can achieve glory and mark my presence in the books of history. I am also inspired by Mr. Ratan Tata due to his involvement in India's financial and military growth, resulting in the growth of patriotic feeling towards India.

5) The fears and challenges that you need to overcome.

One of the challenges I faced in the 10th grade was my inconsistency over writing Hindi, though I started my improvement in this subject I have yet to achieve proper results due to mindlessly underprioritizing it over science and Mathematics. Regardless of my achievements in this subject I still strive to learn it as it is my native language and the primary language in our family. The other major hurdle I face as of now is the lack of long study hours, that is I am not able to work continuously for more than four hours and thirty minutes on one particular task.
