Application for IB Diploma Program 2024-26

Guidelines for filling the Subject Choice Form:

- 1) A student has to select 6 subjects.
- 2) Apart from the above, the core requirements: TOK, CAS and EE are compulsory.
- 3) 3 HL (High Level) and 3 SL (Standard Level) subjects, generally, one from each group.
- 4) HL entails 240 hours and SL entails 150 hours of teaching.
- 5) Each subject can be selected only at one level: HL or SL .
- 6) In case a student does not want to select Group VI at all, he or she has the option of selecting an additional subject from Group III or IV.
- 7) Math Analysis and Approaches (MAA) is for students who are interested in Mathematics, Engineering, Physical Sciences and some Economics. It has emphasis on Algebraic methods.

Math Applications and Interpretation (MAI) is for students who are interested in Social Sciences, Natural Sciences, Medicine, Statistics, Business, Engineering, Some Economics, Psychology and Design. It has emphasis on Modelling and Statistics.
- 8) Spanish B and French B is offered to students who have already studied Spanish and French and can read, write and respond in the Language.
- 9) An Interdisciplinary subject ESS (Environmental Systems & Societies) can be taken from either Group III or Group IV.
- 10) Universities specify the subject combinations and grades as prerequisites for admissions into different courses. Hence, do your homework well.
- 11) Final selection of levels in subjects can be made till the school has finished 4 weeks of teaching. This will be done in consultation with the teachers, students and parents.
- 12)

Application for IB Diploma Program 2024-26

Questionnaire for the Applicant

1) How would you introduce yourself? (State your aims, expectations from life, hobbies, likes and dislikes, any philosophy you believe in)

My name is Yashica Pandey. I'm 16 years old. I studied at D.A.V. Public School. In my free time I enjoy drawing and reading books. I also love crocheting as it helps me relax. One of my main goals is to study hard and travel to a foreign country to pursue higher studies and work there. I would currently like to study from IBDP with the aim of becoming a Chartered Accountant. Life is too short to waste on things you don't like.

2) Why did you choose to do an IBDP?

IBDP helps students to develop the skills and confidence they need to make a long lasting difference. IBDP can later on lead us to some of the highest ranking universities in the world. We will also get to learn 6 different subjects during these two years. It also offers many benefits for the students.

3) Have you any special achievements in the field of sports/ cultural activities/ community service etc?

CULTURAL ACTIVITIES: I have always been an active participant in dance and singing activities conducted by school and community.

SPORTS: I love being active and on field. In the academic year 2023-24, I bagged gold medal in skipping at annual sports day, DAV. In the year 2022-23, my team won 1st position in throwball event conducted by school. My team also won 2nd position in Khokho where all DAV schools participate (known as DAV Nationals). Apart from this I have always been eager and participated in DSO Throwball. I was a focused badminton player for 3 years at SP Badminton Academy, participating in various tournaments.

4) Mention a person or an incident that has impacted your thoughts, actions and personality. Explain how you have been influenced.

I have a cousin who wanted to do MBBS but during her initial years everyone told her that she wouldn't be able to work so hard. But she was sure she wanted to do it. With all her hard work and dedication, she studied well and gave the exams. Today she is a doctor in the UK. My cousin and this incident have impacted my thoughts and actions. She influenced me.

5) The fears and challenges that you need to overcome.

In today's AI-driven world, the proliferation of fake accounts, fabricated statements, and manipulated videos and images is rampant, often at the behest of malicious actors. I believe every individual is susceptible to manipulation. The dissemination of misinformation poses a significant threat, capable of sparking chaos. My greatest fear lies in the potential consequences of misinformation. Thus, the most pressing challenge we young generation face is combating misinformation, ensuring the triumph of truth over falsehood.
